6:00 PM PROGRAM**

The Imprint Awards recognize women who have left their mark through personal and professional success, and exemplify high standards in their professional careers.

This annual awards program benefits the Professional Dimensions Charitable Fund. Funds raised each year at this event, and the generosity of individual Professional Dimensions members, have totaled more than \$1.6 million to date. These funds are committed over a two-year partnership to a single, high-performing or high-potential initiative in our community that helps advance the self-sufficiency of women and girls.

Proceeds from this year's event will support the YWCA Southeast Wisconsin.

Professional Dimensions is a membership organization of more than 400 inclusive women leaders who use their collective power to help each other and advance the community. Guided by the four tenets of Leadership, Diversity, Community and Networking, Professional Dimensions cultivates relationships between women of all backgrounds, ages, industries and experience levels.
